shubhampawale7@gmail.com

Pune, Maharashtra

SUMMARY

Results-driven Full Stack Web Developer with expertise in MERN stack development. Experienced in building scalable and secure web applications with a strong focus on backend development. Proficient in React.js, Node.js, Express.js, and MongoDB, with hands-on experience in RESTful APIs, authentication (JWT, OAuth), and database management. A problem-solver with a keen eye for optimizing performance and enhancing user experience. Passionate about developing innovative solutions and continuously improving technical skills.

EDUCATION

MMCOE,
Bachelor's of Engineering- Computer Engineering
2018-2022

A.Garware College,
HSC
2017

SKILLS

- React.js
- HTML
- CSS
- JavaScript
- Node.js
- Express.js
- RESTful APIs
- MongoDB
- Mongoose.js
- Git
- Postman
- Authentication (JWT, OAuth)

CERTIFICATIONS

- Full-Stack Web Development (MERN Stack) – upGrad

PROFESSIONAL EXPERIENCE

Backend Web Developer
Newgen Technomate LLP (Sep 2024 – Mar 2025)

- Refactored legacy codebases for improved maintainability, reducing time spent on bug fixes and troubleshooting.
- Integrated third-party APIs into web applications, allowing for enhanced functionality and interactivity within projects.
- Assisted in troubleshooting production issues, quickly identifying root causes and implementing solutions to minimize disruptions for users.

Graduate Engineer Trainee
Newgen Technomate LLP (Jul 2023 – Aug 2024)

- Improved system reliability by conducting regular inspections, identifying potential issues, and implementing corrective actions promptly.
- Performed detailed analyses of engineering data to identify areas of improvement and inform design decisions.
- Prepared standard reports and documentation to communicate results to senior management.

PROJECTS

- **Flexxit – OTT Streaming Platform** (*Personal Project*):- Built an OTT platform using the MERN stack with user authentication , video streaming, and subscriptions.
- **Bazario - E-Commerce Marketplace**(*Personal Project*):- Developed MERN stack e-commerce with product listing, cart management, order and tracking.
- **Enterprise Web Application- Newgen Technomates LLP**(*Company Project*):- Optimized backend services with Node.js, Express.js, and MongoDB for secure authentication and APIs.
